Employment Specialists –

We are happy to announce that the Rat Race Rebellion Telework Bulletin, published by Christine Durst and Michael Haaren at Staffcentrix, is now available at no cost to our employment centers, ward and stake specialists, job seekers, etc. The listings in the bulletin will be screened by their staff, helping our members avoid the telework scams that are so prevalent on the internet. **Please bear in mind that it is impossible for Staffcentrix to guarantee that these opportunities are without risk, and that on occasion some may slip by their reviewers. It is important that this be communicated to those who may want to use this resource.**

Keep in mind that each of the positions have specific requirements that the employer desires, so individuals need to apply for those jobs that fit their skills and circumstances. "Rat Race Rebellion Telework Bulletin" is distributed by email every Thursday. To get a free subscription, just go to this page and enter your email address: <http://www.ratracerebellion.com/lds.htm>.

We also invite you to promote and publicize the job leads on [www.LDSJOB.net](http://www.LDSJOB.net). Today we added a hot job for a Plant Operations Manager in Michigan. Please be proactive in getting this information to the job-seekers in your area.

Regards,

Doug Mallory
